

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

VITAL RECORDS
OF
LYNNFIELD
MASSACHUSETTS
TO THE END OF THE YEAR 1849

PUBLISHED BY
THE ESSEX INSTITUTE
SALEM, MASS.

1907

NEWCOMB & GAUSS
Printers
Salem, Massachusetts

EXPLANATIONS

The following records of births, marriages and deaths include all entries to be found in the books of record kept by the town clerks ; in the church records ; and in the cemetery inscriptions. These records are printed in a condensed form in which every essential particular has been preserved. All duplication of the town clerks' record has been eliminated, but differences in entry and other explanatory matter appear in brackets. Parentheses are used when they occur in the original record ; also to indicate the maiden name of a wife.

When places other than Lynnfield and Massachusetts are named in the original records, they are given in the printed copy. Marriages and intentions of marriage are printed under the names of both parties. In all records the original spelling of names is followed, and in the alphabetical arrangement the various forms should be examined, as items about the same family may be found under different spellings.

LYNNFIELD

This town, originally a part of Lynn and known as "Lynn End," was established as a district July 3, 1782, and incorporated as a town Feb. 28, 1814. The boundary line between Lynnfield and North Reading was established, and a part of each town annexed to the other town, May 27, 1857.

The population of Lynnfield at different periods was as follows :

1790, 491 ;	1820, 596 ;	1850, 1723 ;
1800, 468 ;	1830, 617 ;	1905, 797.
1810, 509 ;	1840, 707 ;
